

## CERTIFIED FLIGHT INSTRUCTORS

**Ryan Snell** is one of our part time Certified Flight Instructors. Ryan has always wanted to be a pilot, and became hooked on flying after his first introductory flight in 2006. Ryan began training at Bergstrom Aircraft when he was 16 and soon earned his Private Pilot Certificate. Since then, Ryan has attended Central Washington University, where he has received his instrument, commercial, multi-engine, and certified flight instructor certificates. In June, Ryan will graduate with a Bachelor's of Science, Professional Pilot, Flight Officer Specialization Degree in addition to an Aviation Management Minor. Ryan enjoys flying over to the west side,

but really enjoys flying during Tri-Cities spectacular summer sunsets. Ryan often stresses to other pilots, "Decision making is a crucial process that should always take place while flying. It is crucial to increasing the probability of a safe completion of the flight."
