

## CERTIFIED FLIGHT INSTRUCTOR

**Jim Fish** is a part time flight instructor at Bergstrom Aircraft. Mr. Fish began flying over 50 years ago, when he completed his flight training in Arlington, WA. His passion for flying and teaching others shows in his work. In 1966, Mr. Fish received his Private Pilot's license and has been instructing student pilots since 1983. Mr. Fish is the local FAA Designated Examiner. We are proud to say Mr. Fish has been a part of Bergstrom

Aircraft for over 30 years.

In his spare time he enjoys flying his experimental Bushmaster (which he said, "performs better than a helicopter") in the back country. During his flight career he has mostly flown single and multi-engine airplanes.

Mr. Fish says "I have 50 plus years of enjoying the experience of flying and look forward to another 50 years of sharing it with others. The person with the most ratings wins."
