

## CERTIFIED FLIGHT INSTRUCTORS

**Jody Prior** is one of our part time Certified Flight Instructors. Growing up, Jody always liked a challenge and enjoyed the thrill of being up high. In high school, she thought that it would be really fun to become a pilot but didn't think it would ever happen because of finances. Well, with the help of her parents, her dream became a reality when she started flying in 1997 while attending Big Bend Community College in Moses Lake.

In 3 years she obtained her CFI rating and moved to the Seattle area and began flight instructing at Paine Field in Everett, WA. Jody says, “The views were breathtaking and the weather was always changing. That's when I really began to love instrument training”. After 7 years, she moved to Walla Walla and had the opportunity of instructing at Walla Walla University until she became a mother for the 3rd time. Now that her daughters are getting older, she’s excited to be back, doing what she loves to do! Jody has over 2,000 hours in flight training.

Jody says, “Safety is the key to being a great pilot”.
